#### **COMING YEAR ESCROW PROJECTION**

The purpose of the Coming Year Escrow Projection is to determine the lowest balance "Low Point" to which your escrow account will decline over the upcoming year. The purpose of the Low Balance Summary is to compare the projected and allowable low point amounts. If the projected low point is greater than the allowable low point (\*), there is a surplus. If the surplus is \$50.00 or greater, it will be automatically refunded to you. If the surplus is less than \$50.00, we have lowered your payment accordingly. If the projected low point is less than the allowable low point(\*), there is a shortage and/or deficiency which will be recovered by an adjustment to your monthly payment over a specified number of months. The adjustment amount(s) appears in the Low Balance Summary and New Payment
